

Safer Internet Day at Conway Primary February 9th 2021

The aim of Safer Internet Day (SID) is to inspire a national conversation about using technology responsibly, respectfully, critically and creatively.

An internet we trust: exploring reliability in the online world

Safer Internet Day 2021 celebrates the amazing range of information and opportunities online, and its potential to inform, connect and inspire us, whilst also looking at how young people can separate fact from fiction.

eSafety Tips

SAFE

Keep safe:
don't give
out your
Personal information

MEETING

Don't meet
up with people
online.

It is dangerous

ACCEPTING

Don't Accept
emails, files pictures
from people you
don't know.

RELIABLE

Check information
before you believe it
Is the person or
website telling the
truth?

TELL

Tell an adult if
someone or something
makes you feel worried
or uncomfortable.

The campaign focuses on how we can know what to trust online, supporting young people to question, challenge and change the online world. It will explore how influence, persuasion and manipulation can impact young people's decisions, opinions and what they share online. It will also look at the emotional impact navigating a misleading online world can have on young people and why it is important to create a supportive, critical and questioning culture online that encourages debate and discussion. We want to give young people the skills to support one another, and the strategies to spot and speak out against harmful and misleading content online.

Click 'Think U Know' to play a game about staying safe online!

Checking information against old books and new research is still the best way to be sure whether something is correct or not. Faulty thinking (logical fallacy) is best avoided.

What can you trust online? (Film for 5-11 year olds) from UK Safer Internet Centre

What can you trust online? (Film for 5-11 year olds) from UK Safer Internet Centre on Vimeo

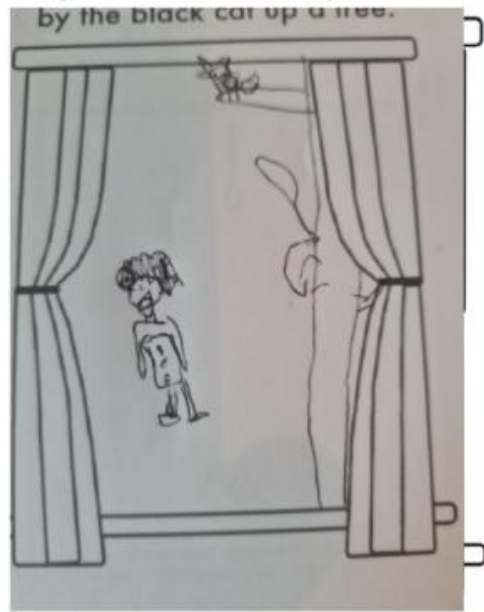

Children took part in by watching thought provoking videos, playing an exciting game about how to spot unreliable sources of information. Children were introduced to understanding logical fallacies by reading and thinking about a series of illustrated poems.

All cats are grey

Ergo thinks all cats are grey.
Ergo's thought it all today.
But Ergo's wrong as we will see.
There is a black cat up that tree.

Draw Ergo outside being surprised
by the black cat up a tree.

Just because you can get grey cats, it doesn't mean all cats are grey.

Children throughout the school took part in Safer Internet Day 2021.

What did Digi Duck get up to on his adventure?

Digi Duck got up to on his adventure different places where animals live.

What did Digi Duck learn from being online?

The owl told him.

What are the SMART things to remember when using the Internet?

Stay safe
meet
Accepting
Reliable
Tell
