## RELEASE

Issued: **20/07/17**

For Immediate Release;

**TITLE: 'outstanding results for the school.....'.**

The Department for Education recently published the national curriculum test results for all 11-year-old children and Conway Primary School is absolutely delighted to announce that their 2017 figures are the *"highest the school has ever achieved,"* with all areas of the curriculum showing a year-on-year improvement.

Although the government introduced more rigorous testing in 2016, Conway pupils have again significantly out-performed their peers nationally. These published figures graphically reflect the school's continuing success, with its combined results for Reading, Writing and Maths, exceeding the national figure by 28%.

Commenting on the school's results, Yalini Carlsson-Ruban, Conway Primary's Headteacher spoke with pride when she said *"these results are the highest we have ever achieved at Conway. They are the direct consequence of the commitment and the hard work of our children and of our staff over a number of years. I would like to say a big thank you to our parents and carers for supporting us in our endeavours to do the best we possibly can for our children at Conway School "*
